- *Easy to clean and sanitize*

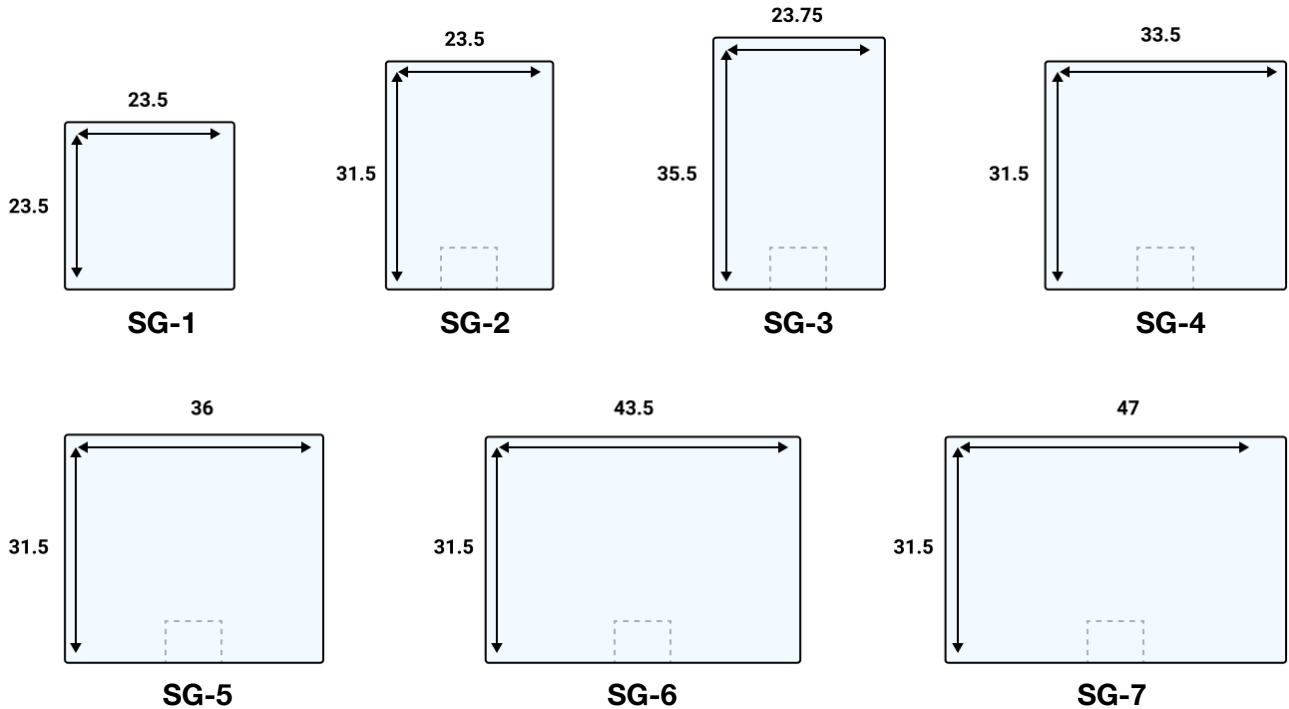

## **A Front Line Essential**

- *Grocery, retail, and convenience stores*
- *Takeout and fast food restaurants*
- *Clinics and hospitals*
- *Offices and service centers*

## Choose from 7 Standard Sizes

These common protective shield/sneeze guard sizes are suitable for many different counters, desks, and other surfaces. Our protective shields are made from clear, durable plastic that is easy to clean and sanitize. They have been cut to size for you.

## Optional Feet and Opening

You can order sneeze guards with feet and an opening, or create them yourself. To assemble, insert the shield into the slits on the feet, and push to slide securely in.
